PUBLIC SERVICE BOARD

Docket No. 7150

Joint Petition of EarthLink, Inc., and New Edge    )  
Networks, Inc., for Approval of a Transfer of       )  
Control    )

Order entered: 3/14/2006

**I. INTRODUCTION**

On January 10, 2006, EarthLink, Inc. ("EarthLink") and New Edge Networks, Inc. ("New Edge")(together the "Petitioners"), jointly filed a Telecommunications Merger and/or Acquisition Request for Approval Form ("Application") requesting authority from the Vermont Public Service Board ("Board"), pursuant to 30 V.S.A. § 107, for approval of the transfer of control of New Edge pursuant to a merger between EarthLink and the parent corporation of New Edge.<sup>1</sup>

On February 17, 2006, the Vermont Department of Public Service ("Department") filed a letter with the Board recommending the Board approve the transfer of control because the proposed transaction would not detrimentally impact Vermont consumers or cause them inconvenience or confusion. The Department further recommended the Board approve the Application without further investigation or hearing.

The Board has reviewed the Application and the accompanying documents and agrees that approval should be granted without hearing.

**II. FINDINGS OF FACT**

Based upon the Application and accompanying documents, we hereby make the following findings of fact.

1. New Edge was issued a Certificate of Public Good (CPG No. 516-CR) to provide telecommunications services in Vermont on January 5, 2000. NMC is a wholly-owned subsidiary of New Edge Holding Company ("Holding Co."). Application at 1.

2. Pursuant to an agreement and plan of merger, Holding Co. will become a wholly-owned subsidiary of EarthLink. New Edge will remain a wholly-owned subsidiary of Holding Co. Application at 1.

---

1. The Application was originally filed on January 10, 2006, and was supplemented on February 7, 2006.

3. Following the transaction, New Edge will continue to operate under its current name and tariff. Accordingly, the transfer will not cause any inconvenience for Vermont consumers. Application at 2-3.

4. The proposed transaction will promote the public interest by allowing New Edge to bring new services and products to the marketplace more quickly, which may in turn result in increased telecommunications competition in Vermont. Application at 3 and Attachments.

### **III. DISCUSSION**

The proposed transaction requires approval by the Board under 30 V.S.A. § 107. This statute conditions approval of a proposed transfer of control upon findings that the transfer of control will promote the public good (30 V.S.A. § 107). This standard is met in this case.

Under 30 V.S.A. § 107(a), "[n]o company shall directly or indirectly acquire a controlling interest in any company subject to the jurisdiction of the [Board] . . . without the approval of the [Board]." "Controlling interest" is defined as "ten percent or more of the outstanding voting securities of a company" or such other interest as the Board determines "to constitute the means to direct or cause the direction of the management or policies of a company." 30 V.S.A. § 107(c)(1).<sup>2</sup> In order to approve the acquisition of such a controlling interest, the Board must first find that it will "promote the public good." 30 V.S.A. § 107(b).

After reviewing the Application, we conclude that 30 V.S.A. § 107 applies because the transaction contemplated will result in EarthLink acquiring the parent company of New Edge and, consequently, indirect control of its subsidiary. We further conclude that the transfer of control will not affect the services that New Edge currently provides to customers in Vermont. New Edge will continue to offer service at the same rates, terms and conditions. The proposed transaction will also allow New Edge to bring new services and products to the marketplace more quickly, which may, in turn, result in enhanced competition among providers of telecommunications services in Vermont. The resulting transfer of control, therefore, will promote the public good. For all of these reasons, we conclude that the proposed transaction meets the standards set forth in 30 V.S.A. § 107 and should be approved.

---

2. The statute also provides that "[t]he presumption that ten percent or more of the outstanding voting securities of a company constitutes a controlling interest may be rebutted by a company under procedures established by the board by rule." 30 V.S.A. § 107(c)(1).

#### IV. CONCLUSIONS

The transfer of control of New Edge should be approved because the transaction will promote the public good of the State of Vermont and will not result in obstructing or preventing competition. 30 V.S.A. § 107(b).

#### V. ORDER

IT IS HEREBY ORDERED, ADJUDGED AND DECREED by the Public Service Board of the State of Vermont that:

1. The transfer of control of New Edge Networks, Inc., will promote the public good and, therefore, is approved.
2. Petitioner shall file a letter notifying the Board of the completion of the transaction within one week of such completion.

DATED at Montpelier, Vermont, this 14<sup>th</sup> day of March, 2006.
